

Observed record

Prompt text says
"number of image
attachments: 1"

Retained client construction state
0 image parts, 0 image bytes

Returned diagnosis field
Stage I sarcoidosis

Guarded counterpart

Same prompt and
retained client state

Client compares attachment claim
with image parts and
byte count

Mismatch found
Call blocked before dispatch
Diagnosis remains null

Retained client state is author-side evidence. It does not attest to provider receipt.
